

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Southern California Edison Company (U 338-E) for Authority to Lease Communication Facility Sites and Antenna Equipment Locations to AT&T Wireless Services of California, LLC (U-3010-C)

Application 01-11-043  
(Filed November 21, 2001)

**ADMINISTRATIVE LAW JUDGE'S RULING  
ON MOTION FOR PROTECTIVE ORDER**

Southern California Edison Company (SCE) and AT&T Wireless Services of California, LLC (AT&T Wireless) seek an order allowing SCE to file under seal certain contract information in their proposed agreements for SCE's lease of space to AT&T Wireless. The leased space would be used by AT&T Wireless in expanding its wireless communications network.

As part of their application, SCE and AT&T Wireless have submitted under seal a Master Site Agreement, Standard Site Agreement, Master Attachment Agreement and Standard Attachment Agreement. They also have submitted redacted public versions of the four agreements. Applicants state that the agreements contain certain information that is confidential and commercially sensitive for AT&T Wireless.

The parties seek to maintain the confidentiality of terms of compensation to be paid by AT&T Wireless to SCE, certain terms of the agreements and their renewal periods, and monetary amounts for liquidated damages in the Master Attachment Agreement. According to AT&T Wireless, specific details about

these matters could disclose to competitors material information about the economics and business plans of AT&T Wireless.

Commission decisions on confidentiality reflect an attempt to balance the market's need for information against a utility or third party's need for confidentiality of its business operations and strategy. In applying this balancing test, the Commission has consistently upheld the need for confidentiality in cases involving fiber optical lease agreements between competitive communications companies and electric utilities. (*See, e.g.*, Application 99-09-036, ALJ Ruling issued November 16, 1999.)

Applicants' motion states grounds for a protective order under Pub. Util. Code § 583 and General Order 66-C and authority there cited. The motion is unopposed. A public hearing on the motion is unnecessary.

Good cause appearing, **IT IS RULED** that:

1. The motion of applicant for a protective order is granted to the extent set forth below.
2. The redacted portions of the Master Site Agreement, Standard Site Agreement, Master Attachment Agreement and the Standard Attachment Agreement that are part of this application, which information has been submitted under seal, shall remain under seal for a period of two years from the date of this ruling, and during that period shall not be made accessible or disclosed to anyone other than Commission staff except (1) on the further order or ruling of the Commission, the Assigned Commissioner, the assigned Administrative Law Judge (ALJ), or the ALJ then designated as Law and Motion Judge, or (2) upon execution of an appropriate nondisclosure agreement by the party to whom disclosure is made.
3. If applicants believe that further protection of this information is needed after two years, applicants may file a motion stating the justification for further

withholding the information from public inspection, or for such other relief as the Commission rules may then provide. This motion shall be filed no later than 30 days before the expiration of this protective order.

Dated December 19, 2001, at San Francisco, California.
